

MONTHLY RECEIVALS REPORT

Monday 5 June to Sunday 2 July 2017

South Australian total	Total 5 Jun – 2 Jul 2017*	Total 2016/17 harvest**
	3,887 tonnes	9,115,655 tonnes

South Australian overview

Viterra's South Australian sites received 3,887 tonnes of grain in the past month.

About 650,000 tonnes was shipped during the month of June, helping bring total bulk exports from Viterra ports to nearly 5.8 million tonnes for the season.

Viterra created 100 new permanent jobs recently, providing a boost to regional areas. Across the network, 30 jobs were added to the Western region, 35 to the Central region, 28 to the Eastern region and seven at the Adelaide ports.

The benefits of these jobs will flow throughout regional communities and further improve services to growers, exporters and end-users.

Preparations for the 2017/18 harvest are well and truly underway with Viterra undertaking capital works across many of its sites. The [preliminary segregation plan](#) is also available for feedback and applications are now open for [harvest casual jobs](#) for the coming season.
