

Monthly receivals report

Monday 6 April to Sunday 3 May

	6 April – 3 May 2020	Total 2019/20 harvest**
Viterra total receivals*	14,403 tonnes	3,986,926 tonnes
Western region receivals	77 tonnes	1,586,717 tonnes
Central region receivals	591 tonnes	1,655,581 tonnes
Eastern region receivals***	13,735 tonnes	744,628 tonnes

We received over 14,000 tonnes of grain into our network in the past month, the majority of which was pulses.

We have been facilitating deliveries of grain off farm into our network, which has further supported our ongoing busy shipping schedule.

All six of our port terminals loaded vessels this month, as international and domestic demand for South Australian grain in the Viterra network continues. This is the first time this season that all of our export terminals have loaded vessels in the same month.

Disclaimer

*This data is subject to variation due to individual site operations and the timing of reports.

**The total 2019/20 data includes grain received into Viterra's storage and handling network since 08 October 2019.

***Eastern region data includes Inner Harbour and Victorian sites.
