 - (ii) place conditions on the receipt of a Client's Grain.

5.3 Acceptance of Grain from third parties on behalf of the Client

- (a) Before accepting Grain at a Viterra Facility from a third party for sale to the Client and subsequent storage on the Client's behalf, Viterra will assess and classify the Grain and require the person who has tendered the Grain to sign a receival docket setting out the origin, weight, variety, quality, payment grade and the Purchase Option selected by the person.
- (b) Viterra is entitled to treat Grain to which clause 5.3(a) applies as the property of the person who tendered it and Viterra has no obligation to the Client in respect of that Grain until the person who has tendered the Grain has signed or otherwise signified acceptance of the receival docket and has complied with clause 5.4.

5.4 Client to be nominated as the owner

- (a) The Client must ensure that, whenever Grain is delivered to a Viterra Facility by a third party on behalf of the Client, the third party nominates the Client as the owner of the Grain and acknowledges that all the third party's right, title and interest to and in the Grain is transferred to the Client. The nomination and acknowledgement must be made in writing at the time of the delivery.
- (b) On receiving the original of the acknowledgment set out in clause 5.4(a), Viterra will enter the name of the Client in its records as owner of the Grain without any further obligation as to enquire as to the title of the Client and will hold the Grain for the Client subject to the terms of this Agreement.

5.5 Weighing and Quality

- (a) The Client authorises Viterra to use the weighing equipment nominated by Viterra to determine the receival tonnages.
- (b) For receival from rail transport at a Port Terminal Facility, the Client authorises Viterra to use Viterra's or the rail service provider's nominated weighing equipment (if available), to determine the receival tonnage.
- (c) Viterra will use the receival weights of site to site movements on all stock records of the Client.
- (a) The Client is bound by the determinations made under clauses 5.5(a) and 5.5(b), and the records of those determinations (including maximum permissible errors) in the absence of manifest error. The Client agrees that it is not a manifest error if the relevant determination is within the

maximum permissible error as permitted by law or through generally accepted industry practice.

5.6 Contaminants

- (a) The Client must not deliver to a Viterra Facility (either itself or through its suppliers) any Grain that is known or suspected to contain contaminants (chemical, physical or otherwise), residues or a combination of both.
- (b) If a load of Grain is found to be contaminated, the Client will not be permitted to deliver Grain to any Viterra Facility until the Client has provided Viterra with evidence that is satisfactory to Viterra (acting reasonably) that there is no further risk of contamination arising from deliveries by the Client to a Viterra Facility. This evidence may involve, but is not limited to:
 - (i) further sample inspections and verification of Grain produced or owned by the Client by an independent expert; or
 - (ii) an inspection by an independent expert of the vehicles or wagons used by the Client to deliver Grain to the Viterra Facility.

The independent expert must certify to Viterra that the contaminant is manageable and removed prior to Viterra accepting new deliveries.

- (c) Where Grain of any person other than the Client is affected by a contaminant or residue but is nevertheless delivered to a Viterra Facility (**Contaminated Delivery**), Viterra will not be liable to the Client or to any other person for any Loss (including Indirect or Consequential Loss) suffered or incurred directly or indirectly as a result of that Contaminated Delivery.

5.7 No capacity

Without limiting clause 5.2(b) or clause 5.6, Viterra may decline to receive Grain for storage on behalf of the Client at a Viterra Facility if:

- (a) the export storage capacity in that Viterra Facility allocated to a particular Binned Grade at that Viterra Facility is already full; and
- (b) Viterra is unable to make additional space available for that Binned Grade by either movement of the Grain to another Viterra Facility or by Outturn of the Grain. Nothing in this clause 5.7 requires Viterra to move any Other Client's Grain which is in an export position at that time.

5.8 Reservation of Cell

- (a) The Client may at any time request Viterra to reserve a Cell for use by the Client.
- (b) Viterra has no obligation to agree to a request by the Client to reserve a Cell for the Client. However, if Viterra agrees to reserve a Cell, that agreement may be subject to:
 - (i) the Client paying the Cell reservation fee specified by Viterra; and
 - (ii) any time limits on the Cell reservation specified by Viterra.
- (c) If Viterra agrees to reserve a Cell (and the Client pays the Cell reservation fee), Viterra will not, during the reservation period, move the

quantity of Grain owned by the Client from the relevant Cell without the Client's consent.

5.9 Required Services

In acquiring Receival Services, the Client must acquire such storage and handling services as Viterra, acting reasonably, requires in order to protect the integrity of Grain to be Common Stocked with the Client's Grain and/or to reduce the risk of quality, safety, health, environmental or hygiene claims. The costs of such services and their applicability will be identified in the Pricing, Procedures and Protocols Manual.

6 Storage Services

6.1 Application of clause

This clause 6 applies in relation to the provision of Storage Services.

6.2 Common stock

Subject to clause 5.8, unless specifically agreed otherwise, Viterra reserves the right to mix the whole or any part of the Client's Grain with Grain of the same specification stored on behalf of Other Clients or other users at a Viterra Facility (**Common Stock**).

6.3 Title

- (a) Subject to clause 6.3(b), where the Client's Grain is Common Stocked, title to the Common Stocked Grain is held in common and in undivided shares by the Client and the Other Clients or users whose Grain forms part of the Common Stocked Grain at the applicable Viterra Facility.
- (b) If and to the extent that the Client has committed Grain to Export Select, title to the Export Select Grain in a Port Zone is held jointly by the Client and Other Clients and users whose Grain forms part of the Export Select Grain in that Port Zone.

6.4 Client's interest

- (a) For the purposes of clause 6.3(a), at any time the Client's share of the Common Stocked Grain will be equal to that proportion which the quantity of the Client's Grain at the time bears to the quantity of that Common Stocked Grain at that time.
- (b) For the purposes of clause 6.3(b), at any time the Client's share of the Export Select Grain will be equal to that proportion which the quantity of the Client's Export Select Grain at the time bears to the quantity of all Export Select Grain in the relevant Port Zone.
- (c) Subject to clause 9.3, the Client does not have the right to nominate any particular parcel or Cell of Grain that is Common Stocked as being owned by the Client.

6.5 Possession

While Viterra has possession of the Client's Grain:

- (a) the relationship between Viterra and the Client in respect of the possession of the Client's Grain is one of bailment only;

- (b) that relationship will continue to exist despite the Client's Grain losing its identity by being part of Common Stock, or despite the inability of Viterra to redeliver to the Client the same Grain that is the subject of the bailment; and
- (c) unless specifically agreed otherwise, Viterra as bailee may manage, use, deal with or otherwise control the Grain in its possession in any manner consistent with the Client Outturn Entitlement.

6.6 Right to Outturn or move Grain at another site

- (a) Subject to clause 5.8, Viterra reserves the right to Outturn, or move or swap, the Client's Grain at a Viterra Facility other than the Viterra Facility at which the Client acquired the Grain if:
 - (i) Viterra reasonably considers that the quality of the Grain or the operation of the Viterra Facility may be adversely affected if the Grain remains in any particular location;
 - (ii) the Viterra Facility fills, or is expected to fill, during the Service Year; or
 - (iii) Viterra determines (in its reasonable opinion) that it is operationally efficient to move the Grain.
- (b) Unless otherwise agreed between the Parties, any movements described in clause 6.6(a) will be at the expense of the Client. Viterra will use the then current freight rates published by Viterra (as varied from time to time) prior to the commencement of the Service Year in order to charge the Client for the movement.
- (c) Without limiting the operation of any other clauses of this Agreement, Viterra may, at its discretion, overflow Grain from any Viterra Facility, or swap Grain to an alternative Viterra Facility provided that the Client is compensated for any freight differential.

7 Outturn Services

7.1 Application of clause

This clause 7 applies in relation to the provision of Outturn Services and other services relevant to the handling and Outturn of Grain.

7.2 Shrinkage, Dust & Outturn Entitlement

- (a) The Client acknowledges and agrees that Viterra is entitled to deduct from the Outturn a percentage of Grain initially received on behalf of the Client (**Received Quantity**) on account of Shrinkage and Dust. The net quantity of the Outturn remaining after such deductions is called the Outturn Entitlement (**Outturn Entitlement**).
- (b) Viterra will specify the method of calculation of the deductions for Shrinkage and Dust in the Pricing, Procedures and Protocols Manual.
- (c) Viterra will own and be entitled to deal in the quantity of Grain deducted from the Outturn for Shrinkage and Dust at any time following receipt of Grain at a Viterra Facility.

7.3 Outturn

- (a) Despite anything else in this Agreement, Viterra may refuse to accept an Outturn request or nomination (or place conditions on acceptance of an Outturn request or nomination) for all or any portion of the Outturn Entitlement if, in Viterra's reasonable opinion, the Outturn:
 - (i) may contravene or may otherwise be aimed at circumventing any laws (including any prohibitions or restrictions by domestic or foreign laws, regulations or policies, quarantine or custom restrictions or prohibitions on export); or
 - (ii) could be detrimental to the Grain industry in general.
- (b) Viterra is not liable for any loss, cost, damage or expense (including Indirect or Consequential Loss) caused as a result of a rejection of an Outturn request or nomination.

7.4 Outturn Standards

- (a) Subject to clause 7.4, Viterra will Outturn Grain to the standards set out in the Outturn Standards.
- (b) If requested by the Client, Viterra may, but is not obliged to, agree to Outturn to a more stringent standard than the applicable Outturn Standard, but a charge may be applied for this service. Any agreement by Viterra under this clause 7.4(b) can only be made in writing by a person authorised to act on behalf of Viterra. Viterra will not warrant that either Grain Outturned to a more stringent standard than the applicable Outturn Standard or Grain Outturned to the specifications of the Outturn Standards will meet any export standards imposed by DAWR or standards imposed by an importing country. Unless otherwise agreed under this clause 7.4(b), at no time will Viterra be required to meet any standards which are not measured by Viterra at the time of receipt or are an inherent component of the Grain which deteriorates with time based storage.
- (c) Viterra:
 - (i) does not make any warranty or representation that malting barley will germinate after Outturn; and
 - (ii) reserves the right, at its reasonable discretion but on not less than 20 Business Days' prior notice to the Client, to regrade to feed Grade, any malting Grade barley that remains in Viterra's Facilities after the 31st March of the year following the year in which the Service Year of delivery ended; and
 - (iii) after a regrade in accordance with 7.4(c)(ii) Viterra can commingle the regraded stocks with other feed grades and varieties.
- (d) Without limiting clause 18, the Client indemnifies Viterra against any and all Losses Viterra incurs or sustains, and agrees that Viterra is not liable for Losses the Client incurs or sustains, as a direct or indirect result of Grain being Outturned by Viterra which is a more stringent standard than the applicable Outturn Standard, yet fails to meet any export standards imposed by DAWR or standards imposed by an importing country.
- (e) If, at the request of the Client, Viterra undertakes any classification testing at the time of Outturn which is over and above that normally conducted by Viterra to ensure Outturned Grain meets the minimum

standard for the Binned Grade stored, Viterra may charge the Client for that classification testing.

7.5 Weighing and Quality

- (a) The Client authorises Viterra to use such weighing systems, equipment and any processes (including Composite Sampling) as Viterra considers appropriate at a Viterra Facility to determine the receival tonnages and quality.
- (b) Viterra will use the receival weights of site to site movements on all stock records of the Client.
- (c) The Client is bound by the determinations made under clause 7.5(a) and the records of those determinations (including maximum permissible errors), in the absence of manifest error. The Client agrees that it is not a manifest error if the relevant determination is within the maximum permissible error as permitted by law or through generally accepted industry practice.

7.6 DA sampling

- (a) The Client acknowledges that Viterra will make Grain available for inspection by authorised officers of DAWR at the Client's cost prior to Outturning Grain onto a nominated Transportation Vehicle.
- (b) The Client acknowledges that the DAWR may disallow the loading of some portion of the Client's Grain at a Port Terminal for reasons of non-conformance to DAWR export conditions as outlined in the *Export Control Act 1982* (Cth) (including detection of live insects, rodents and rattlepod). Viterra is not liable for any Loss incurred by the Client in relation to any failure to load any Grain in these circumstances.

7.7 Delays

The Client acknowledges and agrees that Viterra cannot guarantee that all of the Client's Grain will be available for loading when the Transportation Vehicle berths or is ready to commence loading due to the potential occurrence of factors outside of Viterra's control including:

- (a) a variation in Transportation Vehicle arrival times;
- (b) failure of Transportation Vehicle to pass quarantine, stability and ship worthiness inspections;
- (c) vessel congestion;
- (d) variation in cargo requirements;
- (e) lack of performance of freight providers, or the occurrence of a Force Majeure Event).

Viterra will make reasonable efforts to advise the Client of likely delays.

7.8 Cleanliness

- (a) The Client is responsible for ensuring that all of its nominated road Transportation Vehicles comply with the Viterra Road Vehicle Hygiene Requirements and arrive at a Viterra Facility in a clean, empty and well maintained state free from any contaminants or residue.

- (b) Viterra has no obligation to inspect any Transportation Vehicle for cleanliness. However, if Viterra does inspect a Transportation Vehicle, then Viterra (acting reasonably) is entitled to reject the Transportation Vehicle as unfit for the transportation of Grain and to refuse to load or unload the Transportation Vehicle.
- (c) Viterra is not liable for any Loss (including Indirect or Consequential Loss) which arises as a result of a rejection of a Transportation Vehicle (whether by Viterra, DAWR or a marine surveyor).
- (d) The Client agrees to pay Viterra for any costs incurred by Viterra as a result of the rejection of a Transportation Vehicle by Viterra, DAWR or a marine surveyor.
- (e) Transportation Vehicles are not permitted to be cleaned at any Viterra Facility without Viterra's prior written consent. If a Transportation Vehicle fails inspection, Viterra may require that a Transportation Vehicle is removed from the Port Terminal Facility or berth and the Client must comply with that requirement.

7.9 Non-shipment

If Grain is not Outturned from a Viterra Facility as detailed in an accepted Booking (and this is not due to any fault on the part of Viterra), the Client must pay:

- (a) all costs incurred by Viterra to reposition Grain within the Viterra Facility or to remove the Grain from the Viterra Facility; and
- (b) all Transportation Vehicle variation, cancellation, lost capacity and Transportation Vehicle re-positioning fees. Viterra will not refund any booking fees paid or payable in respect of the relevant Booking.

7.10 Viterra's right to move Grain

Notwithstanding anything to the contrary contained in, or which in the absence of this clause would be implied into, this Agreement, Viterra reserves the right to move any Export Select Grain within a Port Zone to any Viterra Facility within that Port Zone at any time and without the requirement for authorisation from the Client.

7.11 Transfers of title

- (a) The Client may elect, by prior written (or electronic) notice to Viterra, to effect an In-Store Transfer of all or part of its Outturn Entitlement.
- (b) Subject to this clause 7.11, the transferee under an In-Store Transfer will be entitled to an Outturn without any further reduction for Shrinkage.
- (c) The transferor under an In-Store Transfer will remain responsible for payment of all fees and charges in respect of Services provided up until the effective date of transfer.
- (d) Viterra may require In-Store Transfers to take place at an individual weighnote level, in order to allow calculations of the value of the Grain to be ascertained between the transferor and transferee.
- (e) Viterra may refuse to process an In-Store Transfer if the In-Store Transfer results in the transferor's Outturn Entitlement going into a negative position at any particular Viterra Facility.

- (f) For the purposes of accepting or rejecting an In-Store Transfer, Viterra is entitled to rely on orders or instructions:
 - (i) issued by email from the Client's domain address and purporting to have been sent by an authorised representative of the Client (or such authorised representatives as the Client may from time to time advise Viterra in writing); or
 - (ii) executed via the ezigrain™ web site as accessed through entry of the Client's security setting.
- (g) If Viterra has acted in accordance with this clause 7.11, the Client releases and holds Viterra harmless against any claim that a communication was not issued by the Client either at all or without authority and indemnifies Viterra against any Losses arising from such claims.

7.12 Security Interests

- (a) If Viterra receives notice from a person claiming to hold a Security Interest over the Client's Grain, then provided that the person provides reasonable evidence to substantiate the existence of that Security Interest, Viterra is not required to Outturn that Grain until:
 - (i) the person claiming to hold the Security Interest has consented to that Outturn; or
 - (ii) Viterra receives a court order requiring it to Outturn that affected Grain.
- (b) Viterra reserves the right to charge the Client all reasonable costs associated with tracking and maintaining records related to Security Interests held (or claimed) over Grain.
- (c) The Client will indemnify Viterra against any and all Losses (including without limitation legal costs) Viterra incurs or sustains as a result of a claim made against Viterra by any person holding a Security Interest over Grain held by Viterra on behalf of the Client relating to that Grain.

7.13 Non-Grain commodities

- (a) The Client acknowledges and agrees that Viterra may load non-Grain commodities at a Viterra Facility using the same loading facilities as it uses to provide Outturn Services.
- (b) Viterra will use reasonable endeavours to ensure that contamination of Grain does not occur.
- (c) The Client must liaise with Viterra to nominate Transportation Vehicles to arrange for commodities to load sequentially.

7.14 Reconciliation and adjustment

- (a) This clause 7.14 applies if, after the Outturn of all Grain of a Service Year from all Viterra Facilities, there is a difference between the Client's Outturn Entitlement and the tonnage actually Outturned to the Client.
- (b) If the actual tonnage Outturned to the Client exceeds the Client's Outturn Entitlement, the Client must pay to Viterra the Excess Outturn Entitlement Amount within 15 days of receiving an invoice for that amount from Viterra.

- (c) If the actual tonnage Outturned to the Client is less than the Client's Outturn Entitlement, Viterra may, at its discretion, either:
 - (i) replace the physical Grain shortfall in the Client's Outturn Entitlement; or
 - (ii) pay to the Client the Shortfall Outturn Entitlement Amount.
- (d) If the actual tonnage to be Outturned to the Client is less than one tonne of a particular Grade of Grain, Viterra may, at its discretion:
 - (i) write off the Client's Outturn Entitlement; and
 - (ii) not pay to the Client the Shortfall Outturn Entitlement Amount.

Viterra does not require the Client's consent to write off the Client's Outturn Entitlement under this sub-clause 7.14(d).

8 Charges and payment

8.1 Charges

- (a) The charges and fees payable by the Client for the Services provided by Viterra under this Agreement will be as set out in, or as determined in the manner described in the Pricing, Procedures and Protocols Manual (particularly but not exclusively, in Schedule A of that Manual) (**Charges**).
- (b) The Client must pay all Charges to Viterra at the times specified in the Port Loading Protocols, the Pricing, Procedures and Protocols Manual and otherwise in accordance with this Agreement. The Client must pay all other amounts due and payable under this Agreement.
- (c) Notwithstanding anything to the contrary contained in the Pricing, Procedures and Protocols Manual, Viterra may vary the Charges (including the Charges set out in the Pricing, Procedures and Protocols Manual) at any time on 20 Business Days' written notice to the Client.

8.2 No obligation to extend credit

- (a) Whether the amount specified in an invoice for Outturn Services for the loading of a shipping vessel has fallen due for payment under clause 8.1 or not, the Client is not entitled to be provided with those Services until that invoice is paid in full.
- (b) Without limiting clause 8.2(a), if, in the provision of the Services, Viterra considers that it will be exposed to a risk that the Client does not pay for any of those services when due and payable (**Credit Risk**), Viterra is not obliged to provide those services unless and until Viterra, acting reasonably, is satisfied either by obtaining Credit Support or by independent credit checks or otherwise that the Client is credit-worthy in respect of the Credit Risk.

8.3 Set off

- (a) The Client is not entitled to withhold payment of any disputed amount the subject of an invoice issued by Viterra or a Viterra Group Company, or to set off against the amount of an invoice any other claim that it has against Viterra or a Viterra Group Company.

- (b) Viterra may set-off any amount owing by Viterra or any Viterra Group Company to the Client (whether or not due for payment) against any amount due for payment by the Client to Viterra under this Agreement.

8.4 Transfer of liability

If the Client purchases Grain which is already warehoused or is or has been stored, handled or treated by Viterra, and there are unbilled and/or unpaid fees and charges in respect of the Grain for any period or for anything done prior to the purchase, then the Client is liable for those fees and charges and must pay them to Viterra, unless otherwise agreed with Viterra.

8.5 GST

- (a) In this clause 8.5:
 - (i) a term which has a defined meaning in the GST Act has the same meaning when used in this clause; and
 - (ii) each periodic or progressive component of a supply to which section 156-5(1) of the GST Act applies will be treated as though it is a separate supply.
- (b) All fees and charges in this Agreement unless otherwise stated are expressed exclusive of GST.
- (c) If GST is liable to be remitted by Viterra in respect of any taxable supply made to the Client under this Agreement, the Client must pay any such GST in addition to any other amounts payable, or any other consideration to be provided, under or in connection with this Agreement (**Additional Amount**) at the same time as the consideration, or the first part of the consideration, as the case may be, for the taxable supply is to be provided.
- (d) Viterra will provide the Client with a tax invoice that complies with the GST Legislation.
- (e) If an adjustment event occurs in relation to a taxable supply referred to in this clause 8.5, and the Additional Amount differs from the amount of GST for which Viterra is liable to remit:
 - (i) the Additional Amount must be adjusted to reflect the adjustment event;
 - (ii) Viterra or the Client (as the case may be) must make any payments necessary to reflect the adjustment; and
 - (iii) Viterra will issue an adjustment note that complies with the GST Legislation.
- (f) Where the Client is required to indemnify Viterra, or is required to pay or reimburse the costs of Viterra, the Client agrees to pay the relevant amount less any input tax credits to which Viterra (or to which the representative member of the GST group of which Viterra is a member) is entitled.
- (g) If an amount payable under this agreement is to be calculated by reference to:

- (i) the price to be received for a taxable supply then, for the purposes of that calculation, the price is reduced to the extent that it includes any amount on account of GST; and
- (ii) the price to be paid or provided for an acquisition then, for the purposes of that calculation, the price is reduced to the extent that an input tax credit is available for the acquisition.

8.6 Default in payment

If the Client fails to make payment of an invoice in accordance with this clause 8 and does not rectify that default within 10 Business Days then:

- (a) all existing invoices will become immediately due and payable; and
- (b) Viterra may suspend the provision of any or all Services until such time as all outstanding invoices have been paid.

8.7 Interest on late payments

If a Client defaults in the payment of an invoice, then regardless of whether a demand for payment is made, the amount outstanding will bear simple interest at the rate of interest being 3% higher than the Commonwealth Bank's Corporate Overdraft Reference Rate from time to time, calculated on a daily basis from the due date to the date of actual payment in full.

8.8 Security

- (a) The Client will, if required by Viterra, provide Credit Support in respect of its obligations under this Agreement.
- (b) At all times during the Term, the Client must either:
 - (i) meet the Prudential Requirements and have sufficient financial and technical capability to comply with its obligations and meet its liabilities under this Agreement, which will be determined by Viterra, acting reasonably, having regard to the likelihood of such liabilities arising; or
 - (ii) provide and maintain acceptable Credit Support for an amount determined by Viterra (acting reasonably).
- (c) If Viterra determines (acting reasonably) that a material adverse change has occurred:
 - (i) in respect of the Client which affects the Client's ability to comply with its financial and technical obligations and meets its liabilities under this Agreement; or
 - (ii) which results in an increase in one or more of the Charges or the amount of Charges payable by the Client under this Agreement,

then on written request from Viterra the Client must procure for the benefit of Viterra:

- (iii) Credit Support, if Viterra does not already hold Credit Support; or
- (iv) additional Credit Support, if Viterra already holds Credit Support,

for an amount determined by Viterra (acting reasonably).

- (d) Any Credit Support required by Viterra must be established prior to Viterra receiving the next load of Grain from the Client and, in all cases, at least within 7 days after it has been requested by Viterra.
- (e) If the Client defaults, Viterra may call up, draw on, use, appropriate and apply the whole or part of the Credit Support as may be necessary in the opinion of Viterra to compensate Viterra for Loss it suffers by reason of the Client's default.
- (f) Any use or appropriation of the Credit Support by Viterra does not operate to waive the default and does not affect Viterra's other rights.
- (g) If the Credit Support or any part of it is used or appropriated by Viterra, the Client must within 7 days from receipt of a request by Viterra pay to or deposit with Viterra new or additional Credit Support in a form and for an amount as specified by Viterra.
- (h) On expiry or termination of this Agreement and if the Client has complied with this Agreement and there is no outstanding Dispute, Viterra will refund, return or cancel the Credit Support less any sums drawn on, used or appropriated by Viterra and not reinstated by way of further Credit Support.

8.9 Genuine assessment of loss

- (a) If a Charge is payable as a result of an act or omission of the Client or otherwise as a result of a failure by the Client to comply with its obligations under this Agreement or the Port Loading Protocols, the Client agrees that the relevant Charge is a genuine and realistic assessment of the actual or anticipated Loss that Viterra will or may suffer or incur as a result of the applicable act, omission or failure of the Client.
- (b) If, for any reason, a Charge referred to in clause 8.9(a) is held by a court of competent jurisdiction or arbitrator, or it is otherwise determined under or in connection with this Agreement, to constitute a penalty or is otherwise unenforceable for any other reason, Viterra may claim for any Loss suffered or incurred by Viterra in damages under law as a result of the applicable act, omission or failure of the Client.

9 Title to Grain

9.1 Bailment

Unless specifically agreed otherwise, Viterra acts as a bailee of the Client's Grain and does not have any legal title or ownership in that Grain. For the avoidance of doubt, the title to the Grain remains at all times with the Client.

9.2 Nomination by Viterra

Subject to clause 9.3, where the Client's Grain is Common Stocked, Viterra may nominate and identify any particular quantity of Grain within a site comprising the Common Stocked Grain as being the Client's Grain for the purposes of this Agreement, including, for the purposes of Outturn at the direction of the Client, sale by Viterra in exercise of its lien over the Grain, and the allocation of Accidental Loss or Damage between the Client and Other Clients.

9.3 Insolvency

- (a) If Viterra suffers an Insolvency Event the Client will be entitled, upon reasonable notice and subject to the provisions of this Agreement relating to Common Stock, to re-take possession of the Client's Grain:
 - (i) if and to the extent that the Client has Grain in Export Select, from the Export Select Grain of that kind at Viterra Facility at the port in the relevant Port Zone (**Port Facility**), or if there is insufficient Grain to satisfy the Client and all Other Clients of Export Select from the Export Select Grain at the Port Facility, then from Viterra Facility closest to the Port Facility and if there is insufficient Export Select Grain at that Viterra Facility then from the next closest Viterra Facility and so on until the Client's entitlement is satisfied; and
 - (ii) in all other cases, from the site at which the Client's Outturn Entitlement is located.
- (b) Nothing in this clause 9.3 will be taken as limiting the Client's rights to the Outturn of the Client's Grain in accordance with this Agreement.

10 Lien and Security Interest

10.1 Viterra's lien and Security Interest

The Client:

- (a) acknowledges and agrees that Viterra will have a first and paramount lien on the Client's Grain for all monies due and payable now or hereafter to Viterra in connection with the provision of Services to the Client; and
- (b) grants a Security Interest to Viterra over the Client's Grain and proceeds of sale of that Grain as security for the payment of all monies now or subsequently due and payable (on any account whatsoever) by the Client to any Viterra Group Company.

10.2 Common stock

Where the Client's Grain is Common Stocked with other Grain, Viterra may nominate and identify any particular quantity of Grain comprising the Common Stocked Grain as being the Client's Grain for the purposes of enforcing its lien or Security Interest.

10.3 Retention of possession

- (a) Subject to any requirement of law, Viterra will be entitled, for the purpose of enforcing such lien or Security Interest, to:
 - (i) retain possession of the whole or any part of the Client's Grain until all amounts due and payable are paid; or
 - (ii) sell all or any of the Client's Grain in such manner as it thinks fit (after giving the Client at least 5 Business Days prior notice). The proceeds of any sale will be applied towards the satisfaction of the moneys due to Viterra or any other Viterra Group Company and the costs of effecting the sale, and the balance (if any) will be paid by Viterra to the Client.

- (b) If Viterra sells all or any of the Client's Grain for the purpose of enforcing its lien or Security Interest, the Client irrevocably appoints Viterra as its agent and attorney for this purpose.

10.4 Enforcement against others

In enforcing a lien or Security Interest in respect of any Other Client's Grain, Viterra will ensure that its actions do not affect the right of the Client to receive the Outturn Entitlement under this Agreement.

11 Compliance with Pricing, Procedures and Protocols Manual

11.1 Obligations of Client

(a) The Client is bound by and must comply at all times with all rules, protocols, policies, procedures and induction requirements published by Viterra from time to time in the Pricing, Procedures and Protocols Manual, including those in relation to:

- (i) the terms and conditions of the Export Select and Purchase Option services offered by Viterra;
- (ii) health, safety and environment;
- (iii) site rules;
- (iv) labour ordering conditions for shipping;
- (v) operating conditions for Viterra's rail facilities;
- (vi) access and operating conditions for road movements at Viterra facilities,

and must comply with all reasonable directions issued by Viterra.

(b) While on any premises owned or operated by Viterra, the Client must (and must ensure that its employees, agents and contractors) comply with all reasonable directions given by Viterra's representatives, and do not create or bring on site any hazard or contamination.

11.2 Publication

For the purpose of clause 11.1, Viterra has published the Pricing, Procedures and Protocols Manual for the current Service Year on its website. (a) Viterra will keep at its principal place of business proper complete and up-to-date records, books of account and documents relating to transactions in the Client's Grain, and such books of account records and documents will be available for inspection by representatives of the Client at any reasonable time upon request in writing. Nothing in this

clause 12.1(a) will be taken as requiring Viterra to disclose the identity, transactions or ownership interests of Other Clients.

- (b) All information provided to the Client will be treated as conclusive evidence of the correctness of the details set out in that information unless:
 - (i) the Client notifies Viterra in writing within 14 days of receipt of that information that there exists a bona fide dispute concerning the correctness of that information; or
 - (ii) it is demonstrated at any time that there is a clear and manifest error in that information.

The Client acknowledges that the only warranties provided by Viterra under or in respect of this Agreement are those expressly set out in this Agreement. To the maximum extent permitted by law, all other warranties or conditions implied by custom, general law or statute are excluded.

13.2 Non-excludable warranties

To the maximum extent permitted by law, Viterra's liability for breach of implied warranties or conditions not permitted at law to be excluded, will be limited to the cost of re-supplying the relevant service.

13.3 Limitations on Viterra's liability

Notwithstanding any other provision of this Agreement, the Client agrees that Viterra's liability under or in connection with this Agreement, including Viterra's obligation to Outturn the Client's Grain is limited by the following provisions of this clause:

and are not discovered until after the departure of the Transportation Vehicle;

 - (iv) claims relating to or in connection with any difference or discrepancy between the Receival (Classification) Standards, Outturn Standards and any other harvest quality information, data or statistics published by Viterra from time to time and the provision of, or the purported reliance upon, or use of, that other information, data or statistics by the Client;
 - (v) claims relating to or in connection with any difference or discrepancy in the actual quality of the Grain for the entire parcel not able to be identified through Composite Sampling;
 - (vi) quality or quantity claims in respect of a shipment by rail, road or sea arising upon Outturn at the Transportation Vehicle's destination, if the claims are inconsistent with the records of quantity and quality at loading and there is no conclusive evidence that such records are incorrect or, by exception, unreliable;
 - (vii) failure to detect toxic or other chemical residues, contamination, genetically modified Grain, germinative energy and capacity and varietal purity or any quality parameter of Grain, if these are not tested for by Viterra when receiving the Grain at a Viterra Facility; or

 - (A) quality claims arising in respect of Grain transferred into Viterra's storage system from another storage system;

- (B) downgrading claims in respect of Grain blended by Vitterra at the request of the Client, provided the quality meets the Outturn Standards of the lowest value grade represented in the blend;
- (e) Vitterra is entitled to the benefit of any limitation of its liability that is provided for it (whether by exclusion or cap) under a provision in the Pricing, Procedures and Protocols Manual.

The Client unconditionally and irrevocably releases Vitterra from all liability of whatsoever nature in respect of the matters set out in clauses 13.3(a) to 13.3(d) (inclusive) except to the extent expressly specified in those clauses.

13.4 Third party claims

The Client agrees to indemnify Vitterra on demand against any Loss that Vitterra incurs in respect of any claim by a third party in respect of the performance or non-performance of any of the Services or otherwise in connection with this Agreement or any Vitterra Facility except to the extent that claim results from the gross negligence or wilful default of Vitterra.

13.5 Multiple caps on liability

If Vitterra is liable to the Client in relation to an event or a series of events in respect of which Vitterra's liability is capped:

- (a) under this Agreement; and
- (b) under one or more other agreements made between Vitterra and the Client,

then Vitterra's liability in aggregate under all of the agreements described in paragraphs (a) and (b) above (**Capped Agreements**) is capped at the greatest amount at which liability is capped under any one of the Capped Agreements.

13.6 Mitigation

- (a) Vitterra may mitigate or satisfy any liability it may have to the Client in respect of downgraded Grain (ie Grain that does not meet the Outturn Standard required under this Agreement) by whatever means Vitterra considers reasonably appropriate, including:
 - (i) Blending (at Vitterra's expense) a sufficient quantity of other Grain so as to upgrade the Client's Grain to meet the Outturn Standard; and/or
 - (ii) substituting (at Vitterra's expense) other Grain of the same quality and quantity; and/or
 - (iii) retaining the downgraded Grain and providing for the claim as part of the Outturn adjustment under clause 7.14.
- (b) Nothing in this clause 13.6 in anyway restricts or limits the general obligation at law of the Client to mitigate any Loss which it may incur in consequence of any breach by Vitterra of the terms of this Agreement.

- (b) For the Client's Export Select Grain, the risk of Accidental Loss or Damage will be borne by Viterra, irrespective of whether or not such risks are covered by Viterra's insurance.

14.4 Transfer of Risk

Subject to clauses 13 and 14.3(a), the risk of loss or damage to Grain is transferred to the Client at the point in time when the Grain exits the Outturning spout of a Viterra Facility into a shipping vessel.

15.2 Suspension of obligations

If a Party is wholly or partially precluded from complying with its obligations under this Agreement by a Force Majeure Event (in this clause 14 called the **Affected Party**), then:

- (a) subject to clause 15.7, the Affected Party's obligations to perform in accordance with the terms of this Agreement will be suspended for the duration of the Force Majeure Event but only so far and for so long as it is affected by the Force Majeure Event;
- (b) the Affected Party will not be responsible for any Loss suffered or incurred by any other Party as a result of, and to the extent that, the Affected Party is unable to perform or is delayed in performing its obligations because of the Force Majeure Event; and
- (c) each Party must use all reasonable endeavours to resolve, and minimise the impact of, the Force Majeure Event.

15.3 Allocation of Capacity following Force Majeure Event

- (a) If, as a result of a Force Majeure Event, Viterra identifies that there is likely to be a shortfall in the capacity that is physically available to meet the Capacity entitlements held by clients, then Viterra will take reasonable efforts to make Capacity not affected by the Force Majeure Events available to clients who are affected by the shortfall in accordance with the following principles:
 - (i) to the extent practicable, Capacity not affected by the Force Majeure Event will not be reduced and clients should continue to use their unaffected Capacity entitlements; and
 - (ii) subject to complying with the Port Loading Protocols (including changes made in accordance with clause 14.1(d) of the Port Loading Protocols), Viterra will use reasonable endeavours to make any unallocated Capacity (which is not affected by the Force Majeure Event) available for allocation to clients whose Capacity entitlements are affected by the shortfall at Viterra's discretion. In exercising its discretion, Viterra will take into account:
 - (A) its contractual obligations to all users of its Services;

- (b) Any allocation made by Viterra under clause 15.3(a) does not affect the operation of clause 15.2.

- (c) The Client acknowledges that Viterra may unilaterally amend the Port Loading Protocols on a temporary basis during any period of Force Majeure in accordance with clause 14.1(d) of the Port Loading Protocols.

15.4 Notice

As soon as reasonably possible after an Affected Party becomes aware of the occurrence of a Force Majeure Event (having regard to the nature of the information that is to be notified), the Affected Party must notify the other Party of:

- (a) the nature of the Force Majeure Event;
- (b) which obligations the Affected Party believes it is wholly or partially precluded from complying with as a result of the Force Majeure Event (in this clause 15 called the **Affected Obligations**); and
- (c) the extent to which the Force Majeure Event precludes the Affected Party from performing the Affected Obligations.

15.5 Minimisation of impact

Upon receiving a notice under clause 15.4 the Parties will meet to discuss and agree:

- (a) what action can be taken to minimise the effect of the Force Majeure Event on the performance by the Affected Party of the Affected Obligation;

 - (i) the expected duration of the delay arising as a result of the Force Majeure Event;
 - (ii) the steps that are being taken to minimise the impact of the Force Majeure Event; and
 - (iii) the steps which would be taken (subject to the Parties reaching an agreement as to the payment of any additional costs involved) to minimise the impact of the Force Majeure Event; and

- (i) comply with all reasonable requests made by the other Party relating to the prevention or minimisation of the impact of the Force Majeure Event; and
- (ii) use all reasonable endeavours to resolve, and minimise the impact of, the Force Majeure Event.

15.7 Payments

An obligation to pay money is not excused by a Force Majeure Event.

15.8 Labour Disputes

The requirement to use all reasonable endeavours to resolve or minimise the impact of the Force Majeure Event will not require either Party to settle any strike, lockout, boycott or other dispute or claim, or any demand by a third party, on the terms contrary to the wishes of that Party.

- (a) Subject to clause 16.1(b), any Dispute under this Agreement will, unless otherwise expressly agreed to the contrary by both Parties, be resolved in accordance with this clause 16 and either Party may give to the other Party to the Dispute notice in writing (**Dispute Notice**) specifying the Dispute and requiring it to be dealt with in the manner set out in this clause 16. - (a) Viterra may exercise a right or remedy or give or refuse its consent in any way it considers appropriate (including by imposing conditions), unless this Agreement expressly states otherwise.
- (b) Whenever the Client is required to form an opinion, give approval, exercise a discretion or perform any act under this Agreement, it must be done reasonably in the circumstances and based on reasonable grounds, and not capriciously, or arbitrarily refused or unduly delayed.
- (c) In making any decision pursuant to this Agreement, Viterra will have regard to the efficient running of the relevant Viterra Facility and the balancing of the interests of all users of that Viterra Facility, and the efficient operation of the South Australian Grain export supply chain.
- (d) A Party is not liable for any Loss to the extent such Loss is caused by the exercise or attempted exercise of, failure to exercise, or delay in exercising a right or remedy under this Agreement.

30.5 Variations

- (a) Subject to clause 30.5(b), this Agreement may only be amended or varied by agreement in writing signed by both Parties.
- (b) Viterra may vary this Agreement by providing the Client with not less than 20 Business Days' notice if any Regulatory Change Event occurs so that:
 - (i) if the Regulatory Change Event involves a variation to or replacement of the Code, Viterra can comply with, implement or ensure consistency with the Code (as varied or replaced); and
 - (ii) in any case, Viterra is not financially, commercially or operationally disadvantaged as a result of the Regulatory Change Event occurring.

- (c) Clauses 30.5(a) and 30.5(b) do not in any way limit the operation of clause 14 of the Port Loading Protocols and, for the purpose of clause 14 of the Port Loading Protocols, if the Code is repealed (and not replaced), Viterra will be taken to be an “exempt service provider” in respect of each of its Port Terminal Facilities.

30.6 Guidelines

Notwithstanding that Viterra may from time to time produce operational guidelines to assist clients, nothing in those guidelines will be deemed to impliedly or expressly amend anything in this Agreement and if there is any inconsistency between any guidelines and a term of this Agreement, the terms of this Agreement will prevail.
