

WEEKLY HARVEST REPORT

Week ending 17 December 2017

Viterra total	11 Dec – 17 Dec 2017*	Total 2017/18 harvest**
	1,216,807 tonnes	4,803,397 tonnes

Viterra had its biggest week of the season last week with more than 1.2 million tonnes of grain received, bringing the total for 2017/18 to 4.8 million tonnes.

Five sites achieved daily receival records including Cummins, Port Giles, Saddleworth, Tintinara and Dooen. This brings the number of daily records broken this season to 12 – a credit to all employees, growers and carriers.

As the Christmas and New Year period approaches, growers are encouraged to check the Viterra website for site opening hours over the holiday period.

Viterra wishes you a safe and happy Christmas.

Please note next week's Weekly Harvest Report will be published on Wednesday 27 December.

Western region receivals	11 Dec – 17 Dec 2017*	Total 2017/18 harvest**
	300,983 tonnes	1,364,711 tonnes

Growers in the Western region are close to finishing harvest after 300,000 tonnes of grain was delivered to Viterra sites last week.

Cummins broke a daily receival record on Wednesday 13 December with 20,010 tonnes received.

Central region receivals	11 Dec – 17 Dec 2017*	Total 2017/18 harvest**
	626,630 tonnes	2,380,743 tonnes

Sites in the Central region had their busiest week of the season last week with over 626,000 tonnes delivered.

Saddleworth achieved a daily receival record on Tuesday 12 December with 7,727 tonnes taken. Port Giles also broke a daily record with 20,398 tonnes taken on Friday 15 December.

Port Giles loaded its first ship of the season with 29,000 tonnes of wheat.

Eastern region receivals***	11 Dec – 17 Dec 2017*	Total 2017/18 harvest**
	289,194 tonnes	1,057,943 tonnes

More than 289,000 tonnes of grain was delivered to Eastern region sites over the past week, taking total receivals over a million tonnes.

On Friday 15 December, both Tintinara and Dooen broke daily receival records with 1,097 and 7,939 tonnes received respectively.

Inner Harbour and Outer Harbor had shipments of peas, wheat and barley.
