

# Lentil Varieties 2024/2025

There is a requirement for varietal segregation based on size.

Some varieties look very similar in characteristics so may be hard to distinguish between them visually so they have been grouped together based on a common variety type.

Only these listed varieties can be commingled with others within a common variety type.

| Variety          | Code | Grade       |
|------------------|------|-------------|
| Herald XT PBA    | L019 | NIPT1       |
